**LEADING TARPAULIN
MANUFACTURING
ORGANIZATION
IN INDIA.**

An ISO 9001 : 2015 Certified Company

TANDHAN

Nestled in a vast 200,000 square foot facility, our factory epitomizes relentless productivity and precision craftsmanship. From dawn till dusk, our devoted team ensures every inch buzzes with activity, fueled by our unwavering pursuit of excellence. Here, cutting-edge machinery and innovation come together to produce a variety of top-quality plastic products, including tarps, shed nets, and protective covers, all meticulously crafted to exceed industry standards. Welcome to a factory where size meets sophistication, and the quest for perfection knows no limits.

Commitment to Quality

At our factory, we uphold the highest standards of quality by exclusively manufacturing products using virgin materials. By utilizing only the finest raw materials, we ensure that our products meet and exceed industry benchmarks for durability, reliability, and performance. From tarps to shed nets and every item that bears our name undergoes rigorous quality control measures to guarantee unmatched quality and satisfaction.

Skilled Manpower

We pride ourselves on our skilled labor force, the cornerstone of our operations. Our dedicated professionals bring expertise and commitment to every aspect of manufacturing, ensuring top-quality products. With their unwavering dedication to excellence, we promise to not just meet, but surpass your expectations.

Innovation and Sustainability

Our factory is a symbol of green manufacturing, blending advanced technology with environmental awareness. Through ongoing exploration of new methods and materials, we aim to reduce our environmental footprint while boosting efficiency. From renewable energy to waste reduction, we're committed to crafting quality products in a pollution-free environment that respects the planet.

Factory Never Sleeps

At Tandhan Polyplast, we're dedicated to excellence with our 'Factory Never Sleeps' approach. Operating round the clock, we prioritize prompt and efficient order fulfillment while upholding top standards of quality. From dawn till dusk and beyond, our team is tirelessly committed to exceeding your expectations with top-notch plastic products.

ECOPAULIN STAR

**Advance Super Cross Laminated Multilayer Tarpaulin.
The strongest tarpaulin in industry!**

Introducing Ecopaulin Star: A cutting-edge, super cross-laminated multi-layered tarpaulin. This unique tarpaulin stands out for its exceptional strength and durability when compared to conventional cross-laminated multilayered tarps. Crafted with a distinctive criss-cross pattern design, Ecopaulin Star emerges as the industry's most robust tarpaulin solution. Its versatility extends to applications in farming, construction, transportation, agriculture, aquaculture, fumigation sheets, dunnage sheets, and beyond. Experience the strength that sets Ecopaulin Star apart across various industries.

Container Liners

A protective packaging bag designed for shipping dry bulk cargo in a safe and controlled environment.

SHEET THICKNESS

✓ .1MM - 2MM

SIZES/ DIMENSIONS

- ✓ 240 X 240 X 565 CM (20FT)
- ✓ 40 X 8 X 8
- ✓ 20 X 8 X 8
- ✓ CUSTOMISE SIZES AVAILABLE

WHY CONTAINER LINERS?

Clean and dry shield between the product and the interior of the container.

Easy to put up and very quick and simple to install.

The packing waste gets minimized with these liners.

Suitable for more bulk commodities to be loaded into the container and high loading capacity.

Container Liner can be dispatched with minimal labor costs.

Container Liners are environmentally friendly and are also recyclable.

It provides various filling and discharging possibilities.

They are best suitable for the transportation of foodstuffs.

They offer a safe and hygienic transport method.

They eliminate the risk of product loss or damage.

They avoid contamination and are also cost-efficient.

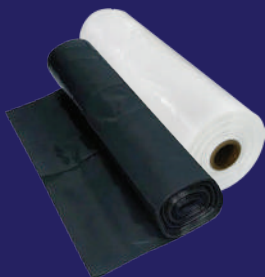

Transport costs per tonne get reduced.

They are suitable for the conversion of any ISO shipping container into a bulk transport system.

Mulching Sheet

Revitalize your garden with our Mulching Sheets. Engineered for superior weed suppression and moisture retention, our sheets create the ideal environment for healthy plant growth. Enhance your landscaping efforts with this durable and eco-friendly solution. Choose efficiency, choose our Mulching Sheets for a thriving and low-maintenance garden.

BENEFITS

- ✓ Saves water
- ✓ Reduces pests
- ✓ Enhances crops
- ✓ Prevents weeds
- ✓ Boosts yield

Best Quality

Flexible

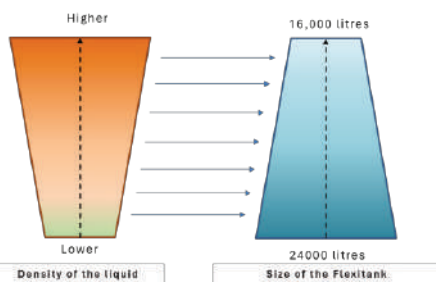

The Tandhan Flexitank stands as a pinnacle in liquid packaging - a single-trip, multilayer, environmentally friendly, disposable, and recyclable system.

Meticulously crafted with the finest raw materials, it embodies reliability, flexibility, and excellence.

Tandhan Flexitank stands out in diverse industries, providing a packaging strategy that harmoniously integrates versatility and reliability. It is specifically designed for the secure storage and transportation of non-hazardous liquid materials in bulk quantities.

BENEFITS

- ✓ **Superior Flexibility:**
 - Accommodates a broad array of non-hazardous liquid products from sectors like oil & gas, chemicals, food and beverage, and pharmaceuticals.
 - Available in capacities ranging from 16KL to 24KL with options for two valves or a single valve, and an automatic pressure release system to optimize space usage in a 20ft dry container.
 - Facilitates easy and time-saving loading and unloading, making it an efficient choice for liquid transportation.
- ✓ **Elevating secure and dependable Liquid Packaging Solutions:**
 - Engineered for Excellence in Reliability, Safety, Durability, Cost-Effectiveness.
 - Enhancing Efficiency for a Seamless and Reliable Supply Chain.
- ✓ **Eco-friendly Design:**
 - Incorporates environmentally conscious materials for sustainable packaging, aligning with global environmental goals.
- ✓ **Customizable Solutions:**
 - Tailored to meet the distinctive requirements of your liquid packaging needs, providing an efficient solution.
 - With our state-of-the-art infrastructure and network, we ease your operation.
